

# Inspired Intentions

Are you tired of never fulfilling your intentions? Learn how to increase your awareness by evaluating your life accounts, generate clarity by crafting a vision, and build confidence by achieving your first goal.

## Assess Your Life Accounts

- Life Accounts: areas of your life that are important to you/where you spend your time
  - **5 F's: Family, Faith, Fitness, Financials and Fun**
- All of us are struggling in at least one of our life accounts. We have to clearly identify which account needs attention and stop wasting time.

**“Everytime you say yes to something, you are always saying no to something else.”**  
**- Greg McKeown**

## Motivation is Like the Weather

- Autonomy - the urge to direct your own life
- Mastery - the desire to get better and better at something that matters to you
- Purpose - the impulse to go after or work towards something greater than you

## Creating A Vision

- Outcomes - what do you really want? Targets 3-6 months out. Create urgency and focus.
- Why - how will your life be different? The WHY is the nucleus when great things happen.
- Identity - what type of person will you become? Live the life you were meant to live.
